

Deck Villa 95 Combi

Front-mounted deck with multiclip for Stiga Villa.

95 Combi deck cuts with high tip speed and has large volume for the cut grass. Combined this makes high performance multiclip result. A plugg can easily be dismantled to get a rear-discharge mode. The deck cuts with excellent result.

The deck has a tubular frame in the lower edge, which makes the deck gentle to tree trunks and at the same time protective. Equipped with professional bearing boxes. The deck can be raised and angled into a cleaning position without removing the belt.

Fits Villa from model year 2006. Villa models from 2001-2006 must be complemented with attachment 13-0981-11.
